## History of Crystal Run Village Foundation

*Mission: "To enhance lives of the developmentally disabled by encouraging community advocacy, acceptance, and generosity."*

Since 1989, Crystal Run Village Foundation has provided quality of life support to persons with intellectual and developmental disabilities throughout the Hudson Valley and beyond. We focus philanthropic dollars on a person-centered practice that allows the individuals we serve to lead self-directed lives. Support of person-centered initiatives to foster independence, maximize participation in the community, and allow individuals to lead self-directed lives, is at the core of what we do.

Contributions to the Foundation are used to help supported individuals in the following ways:

- To support recreational opportunities.
- To advance self-advocacy.
- To help maintain facilities and residences.
- To assist in supporting both the vocational and avocational interests.
- To provide material support for life-long learning programs.
- To support educational field trips and excursions.
- To provide scholarships to help direct service providers improve their skills.
- To provide ongoing support for in-service staff development.
